#### Report on activities of the Board of Directors

#### **Market Analysis**

Two major events marked 2022, determining the general negative performance of the financial markets. On the one hand, at the beginning of the year, Russia started a war in the heart of Europe, invading Ukraine and causing one of the world's biggest geopolitical conflicts in recent years. And on the other, inflation rose sharply worldwide, which in turn led to higher interest rates in the world's major economies.

The war in Ukraine had devastating consequences for the European economy. The old continent's energy system has since been facing an unprecedented crisis, as energy and gas prices have risen exponentially due to Russian supply cuts of up to 20% of the volume supplied in previous years. While governments seek out a solution, either by finding other Liquefied Natural Gas suppliers (the US has become the biggest supplier) or by developing new renewable energy plants and extending the life of existing nuclear plants, European households and businesses are suffering the effects of a conflict many miles away.

Spiralling energy prices catapulted global inflation to an all-time high of 8.8%, forcing central banks to end the era of ultralow interest rates. Central banks' efforts to curb inflation resulted in a scenario of rate hikes not seen for 20 years, as both the European Central Bank and the Federal Reserve tightened their monetary policies by 250 and 425 basis points respectively, in just one year. The other central banks followed suit, prioritising the target of sustained disinflation towards pre-pandemic levels of around 3.5%.

These tighter monetary conditions impacted the pace of global growth, prompting the IMF to review its outlook for 2022 to 3.4%, down from its historical average of 3.8%. This figure was recently revised upwards, due to positive surprises and greater than expected resilience in many economies. In terms of regions, US growth fell to 2%, while in Europe it reached 3.5%, led by Spain with 5.2% and acting as a growth engine in the eurozone thanks to its lower dependence on Russian Gas than other economies such as Germany, whose growth forecast is just 1.9%. Growth is also being underpinned by stronger than expected private consumption and investment in a context of labour shortages. We also saw how households continue to spend the savings they generated during the COVID-19 lockdowns. There was also good news on the supply side. Price pressures eased after bottlenecks cleared, allowing particularly hard-hit sectors (such as automotive and semiconductors) to pick up. This is because, at the end of the year, the Chinese Communist Party made a dramatic U-turn on its zero-COVID policy that had been tormenting the Chinese economy, and which should allow for a recovery in 2023.

This is a delicate time, where risk to financial stability remain high due to the tightening of monetary conditions by central banks. Despite the apparent strength of the economy in early 2023, we must remain watchful of the impact of interest rate hikes, as their effect is usually felt several months after they occur.

#### The Sub-funds

In this context, apart from Global Asset Allocation -25/+125, with a positive performance of +11.53%, the other sub-funds ended the year with negative returns: Global Trend Investments -8.88%, M&M Flexible -8.41%, Red Lion Patrimoine (formerly Roude Léiw) -10.80% and Global Absolute Return -22.74%, in line with the overall negative performances among all the asset classes in 2022.

The Board of Directors of the Fund

#### **Audit report**

To the Shareholders of **Tailored Fund** 

#### Our opinion

In our opinion, the accompanying financial statements give a true and fair view of the financial position of Tailored Fund (the "Fund") and of each of its sub-funds as at 31 December 2022, and of the results of their operations and changes in their net assets for the year then ended in accordance with Luxembourg legal and regulatory requirements relating to the preparation and presentation of the financial statements.

#### What we have audited

The Fund's financial statements comprise:

- the combined statement of net assets for the Fund and the statement of net assets for each of the sub-funds as at 31 December 2022:
- the statement of investments and other net assets as at 31 December 2022;
- the combined statement of operations and changes in net assets for the Fund and the statement of
  operations and changes in net assets for each of the sub-funds for the year then ended; and
- the notes to the financial statements, which include a summary of significant accounting policies.

#### **Basis for opinion**

We conducted our audit in accordance with the Law of 23 July 2016 on the audit profession (Law of 23 July 2016) and with International Standards on Auditing (ISAs) as adopted for Luxembourg by the "Commission de Surveillance du Secteur Financier" (CSSF). Our responsibilities under the Law of 23 July 2016 and ISAs as adopted for Luxembourg by the CSSF are further described in the "Responsibilities of the "Réviseur d'entreprises agréé" for the audit of the financial statements" section of our report.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

We are independent of the Fund in accordance with the International Code of Ethics for Professional Accountants, including International Independence Standards, issued by the International Ethics Standards Board for Accountants (IESBA Code) as adopted for Luxembourg by the CSSF together with the ethical requirements that are relevant to our audit of the financial statements. We have fulfilled our other ethical responsibilities under those ethical requirements.

#### Other information

The Board of Directors of the Fund is responsible for the other information. The other information comprises the information stated in the annual report but does not include the financial statements and our audit report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information identified above and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

#### Responsibilities of the Board of Directors of the Fund for the financial statements

The Board of Directors of the Fund is responsible for the preparation and fair presentation of the financial statements in accordance with Luxembourg legal and regulatory requirements relating to the preparation and presentation of the financial statements, and for such internal control as the Board of Directors of the Fund determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Board of Directors of the Fund is responsible for assessing the Fund's and each of its sub-funds' ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors of the Fund either intends to liquidate the Fund or close any of its sub-funds or to cease operations, or has no realistic alternative but to do so.

### Responsibilities of the "Réviseur d'entreprises agréé" for the audit of the financial statements

The objectives of our audit are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an audit report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with the Law of 23 July 2016 and with ISAs as adopted for Luxembourg by the CSSF will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with the Law of 23 July 2016 and with ISAs as adopted for Luxembourg by the CSSF, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- identify and assess the risks of material misstatement of the financial statements, whether due to
  fraud or error, design and perform audit procedures responsive to those risks, and obtain audit
  evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting
  a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may
  involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal
  control;
- obtain an understanding of internal control relevant to the audit in order to design audit procedures
  that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the
  effectiveness of the Fund's internal control;
- evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Board of Directors of the Fund;

- conclude on the appropriateness of the Board of Directors of the Fund's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Fund's or any of its sub-funds' ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our audit report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our audit report. However, future events or conditions may cause the Fund or any of its sub-funds to cease to continue as a going concern;
- evaluate the overall presentation, structure and content of the financial statements, including the
  disclosures, and whether the financial statements represent the underlying transactions and events
  in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

#### **NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES**

The financial statements are presented on the basis of the Net Asset Value of the Sub-Funds calculated on December 31, 2022 in accordance with the Prospectus and the last official trading Net Asset Values of the corresponding Sub-Funds.

#### Presentation of the financial statements

The financial statements of the Company are established in accordance with the Luxembourg legal and regulatory requirements concerning Undertakings for Collective Investment and with generally accepted accounting principles in Luxembourg.

#### 1 - Combined financial statements

The combined financial statements of the Company are expressed in EUR and are equal to the sum of the corresponding items in the financial statements of each Sub-Fund converted into this currency at the exchange rate prevailing at the date of the report.

#### Notes to the financial statements as at December 31, 2022 (continued)

#### **NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES (continued)**

#### 2 - Valuation of the assets

The value of the assets is determined as follows:

- The value of any cash on hand or on deposit, bills and demand notes and accounts receivable, prepaid expenses, cash dividends, interest declared or accrued and not yet received, all of which are deemed to be the full amount thereof, unless in any case the same is unlikely to be paid or received in full, in which case the value thereof is arrived at after making such discount as may be considered appropriate in such case to reflect the true value thereof.
- 2) The value of securities which are quoted on a recognised stock exchange or dealt on any other regulated market shall be valued at their latest available prices, or, in the event that there should be quoted or dealt on several markets, on the basis of their latest available prices on the main market for the relevant security.
- 3) In the event that the latest available price does not, in the opinion of the Management Company, truly reflect the fair market value of the relevant securities, the value of such securities will be determined by the Management Company based on the reasonably foreseeable sales proceeds determined prudently and in good faith.
- 4) Securities not listed or traded on a stock exchange or not dealt on another regulated market will be valued on the basis of the probable sales proceeds determined prudently and in good faith by the Management Company.
- 5) The liquidating value of futures, forward and options contracts not traded on Stock exchanges or on other regulated markets is their net liquidating value determined, pursuant to the policies established in good faith by the Management Company, on a basis consistently applied for each different variety of contracts. The liquidating value of futures, forward and options contracts traded on regulated markets or Stock exchanges is based upon the settlement prices or latest available prices (if no settlement price is available) of these contracts on exchanges or regulated markets on which the particular futures, forwards and options are traded by the Company, provided that if a futures, forward or options contract could not be liquidated on the day with respect to which net assets are being determined, the basis for determination the liquidating value of such contract shall be such value as the Management Company may deem fair and reasonable.
- 6) The value for commercial papers is determined by using an amortised cost method. This involves valuing an investment at its cost and thereafter assuming a constant amortisation to maturity of any discount or premium. While this method provides certainty in valuation, it may result in periods during which value, as determined by amortisation cost, is higher or lower than the price such Sub-Fund would receive if it sold the investment. From January 2012, the Management Company continually assesses this method of valuation and recommend changes, where necessary, to ensure that the relevant Sub-Fund's investments are valued at their fair value as determined in good faith by the Management Company.
  - If the Management Company believes that a deviation from the amortised cost per share may result in material dilution or other unfair results to shareholders, the Management Company shall take such corrective action, if any, as they deem appropriate to eliminate or reduce, to the extent reasonably practicable, the dilution or unfair results. These instruments are shown at cost and the difference between the cost and the cost of amortisation on maturity is shown as interest. Instruments not meeting criteria for the usage of the amortised cost method are marked-to-market and, if no market price is available, then they are mark-to-model.
- 7) Shares or units in other undertakings for collective investment are valued at their latest available net asset value and all other transferable securities and other permitted assets are valued at fair market value as determined in good faith pursuant to procedures established by the Fund.
- For structured product asset it's necessary to challenge the issuer price with a secondary source. The rules for this specific type of valuation is to use the issuer valuation take on Bloomberg (source CBED, BNPA, SGSN etc ...). Banque de Patrimoines Privés ("BPP") commissioned an independent cross-valuation provider focuses on the control of the coherence of prices injected in the accounting system GP3. The independent provider will recalculate the price using the term sheet of the instrument and their proprietary models and methodologies. At each valuation and for each instrument, they compare the cross valuation computed with the priceprovided by BPP. The difference between these two results (in absolute value) is compared to a tolerance threshold of 3%, as decided by BPP. A color code is used to highlight the differences below (green) and above (red) the pre-agreed thresholds. In case of difference above the pre-agreed threshold, the provider explains the result with their analysis. On BPP side, the investigation is done based on the analysis and escalated to the AIFM. On another hand the report includes all details concerning the valuation methodologies based on the instrument term sheets.

#### 3 - Acquisition cost of securities in the portfolio

The acquisition cost of the securities held by each Sub-Fund that are denominated in currencies other than the reference currency of the Sub-Fund is converted into this currency at the exchange rate prevailing on the date of purchase.

#### Notes to the financial statements as at December 31, 2022 (continued)

#### NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES (continued)

#### 4 - Net realised gain/(loss) on securities portfolio

The realised gains and losses on securities portfolio are calculated on the basis of the average acquisition cost on the data of sale.

#### 5 - Investment income

Dividend income is recorded at the ex-date, net of any withholding tax.

Interest income accrued and payable are recorded, net of any withholding tax.

#### 6 - Conversion of foreign currencies

Cash at banks, other net assets, liabilities and the market value of the securities in portfolio expressed in currencies other than the reference currency of the Sub-Fund are converted into this currency exchange rate prevailing on the date of the report:

1 EUR =	1.45055	CAD	1 EUR =	20.87430	MXN
1 EUR =	0.98956	CHF	1 EUR =	10.49940	NOK
1 EUR =	7.43670	DKK	1 EUR =	1.68590	NZD
1 EUR =	0.88534	GBP	1 EUR =	11.16040	SEK
1 EUR =	140.41000	JPY	1 EUR =	1.07050	USD

Net realised gains and losses on foreign exchange are disclosed in the statement of operations and other changes in net assets.

Income and expenses expressed in currencies other than the reference currency of the Sub-Fund are converted into this currency at the exchange rate prevailing on the date of the transaction.

#### 7 - Formation expenses

Formation expenses are amortised on a straight-line basis over a period of 5 years.

The expenses incurred by the Company in relation to the launch of additional Sub-Funds or Class of Shares may, at the discretion of the Board of Directors, be capitalized and amortized over a period not exceeding five years, as permitted by Luxembourg Law.

#### 8 - Transaction fees

Transaction costs disclosed under the item "Transaction fees" in the expenses of the statement of operations and other changes in net assets are mainly composed of broker fees incurred by the Company and transaction fees on financial instruments and derivatives.

#### **NOTE 3 - SUBSCRIPTION DUTY**

The Company is governed by Luxembourg Law. Pursuant to the legislation and regulations in force, the Company is subject to an annual subscription duty ("taxe d'abonnement") of 0.01% which is payable quarterly and calculated on the basis of the net assets of each Sub-Fund on the last day of each quarter.

Pursuant to Article 175 (a) of the 2010 Law the net assets invested in undertakings for collective investment already subject to the "taxe d'abonnement" are exempt from this tax.

Except for the Sub-Fund M&M Flexible, the "taxe d'abonnement" has been covered by Fixed TER fees as explained in note 8.

#### Notes to the financial statements as at December 31, 2022 (continued)

#### **NOTE 4 - MANAGEMENT FEES AND MANAGEMENT COMPANY FEES**

The Management Company is entitled to a Management Fee out of the net assets of the Fund. Such Management Fee is payable monthly in arrears and calculated on the average net assets during the relevant month of each Sub-Fund at the following annual rates:

	Shares	% p.a.
Global Absolute Return	Class A	1.50 *
Giodai Adsolute Return	Class B	1.20 *
Global Trend Investments	Class A	0.50 *
Red Lion Patrimoine (formerly Roude Léiw)	Class A	1.30* with a minimum of EUR 15,000 p.a.
Global Asset Allocation -25/+125	Class A	0.60 *
M&M Flexible	Class EUR	1.58* with a minimum of EUR 15,000 p.a.

<sup>\*</sup>Based on the average net assets of the Sub-Fund (without deduction of the Management fee of the target fund).

The management fees paid during the year in reference to the report are disclosed under the item "Management fees" in the statement of operations and other changes in net assets.

#### **NOTE 5 - MANAGEMENT FEES OF THE TARGET FUNDS**

There might be a substantial portion of the assets invested in other UCITS or UCIs and therefore duplication of certain fees may apply. Nonetheless, in such cases, the maximum aggregate management fees for each Sub-Fund will not exceed 3% p.a.

If the Sub-Fund invests in the units of other UCITS and/or other UCIs that are managed, directly or by delegation, by the same Management Company or by any other company with which the Management Company is linked by common management or control, or by substantial direct or indirect holding, that Management Company or other company may not charge subscription or redemption fees on account of the Sub-Fund's investments in the units of such other UCITS or UCIs.

#### **NOTE 6 - PERFORMANCE FEES**

In order to provide an incentive to the Management Company, the Company may in addition pay a performance-related fee.

The performance fee is calculated in respect of each performance period. A performance period is the period from January 1 to December 31 of each year. The performance fee is calculated separately per class of Shares within a Sub-Fund. Further details are available in the prospectus.

A condensed overview of key characteristics for each Sub-Fund that charges a performance fee for each Sub-Fund are the following:

	Performance fee in %	
Red Lion Patrimoine (formerly Roude Léiw)	2.5% (the Hurdle Rate) during the Performance Period, it being understood that the performance fee is only paid in respect of the part of the Net Asset Value that exceeds the Hurdle Rate	10.00
Global Asset Allocation -25/+125	12% (the Hurdle Rate) during the Performance Period, it being understood that the performance fee is only paid in respect of the part of the Net Asset Value that exceeds the Hurdle Rate	20.00
M&M Flexible	Any increase of the Net Asset Value of the Sub- Fund during the Performance Period, above the High Water Mark	10.00

There is no performance fee foreseen for the Sub-Fund Global Trend Investments and Global Absolute Return.

Performance fees charged are nil for the year ended at December 31, 2022.

#### Notes to the financial statements as at December 31, 2022 (continued)

#### **NOTE 7 - DISTRIBUTION FEES**

The Management Company is entitled to a distribution fee on the Shares issued and still outstanding.

- Except for M&M Flexible, such distribution fee is payable out of the assets of the Company on a monthly basis at the annual rates up to 1%.
- For M&M Flexible, such distribution fee is payable out of the assets of the Company on a monthly basis at the annual rates up to 0.30%.

#### NOTE 8 - FIXED TOTAL FEES RATIO EXPENSES (FIXED TER FEES)

Except for M&M Flexible, all the Sub-Funds apply a Fixed TER instead of bearing actual ordinary expenses incurred.

The Fixed TER provides greater certainty for Shareholders than actual expenses, as to the amount of ordinary expenses incurred by the Sub-Funds and thus a better view on the management results. The Fixed TER is fixed in the sense that the Management Company or another entity of the CRÈDIT ANDORRÀ GROUP will either (i) bear any excess of the actual ordinary operating expenses to the Fixed TER or (ii) be entitled to retain any amount of Fixed TER in excess of the actual ordinary operating expenses.

Each Sub-Fund will incur a distinct Fixed TER expressed in a percentage of the average net assets value of the Sub-Fund. The Fixed TER is accrued on a daily basis and payable quarterly to the Management Company. The Fixed TER is disclosed in the table below:

	Fixed TER as in prospectus % of the NAV p.a.	Fixed TER (%) at year end % of the NAV p.a.
Global Absolute Return	up to 0.45	up to 0.45
Global Trend Investments	up to 0.50	up to 0.35
Red Lion Patrimoine (formerly Roude Léiw)	up to 0.85	up to 0.80
Global Asset Allocation -25/+125	up to 0.50	up to 0.30
M&M Flexible	-	-

#### Notes to the financial statements as at December 31, 2022 (continued)

#### NOTE 8 - FIXED TOTAL FEES RATIO EXPENSES (FIXED TER FEES) (continued)

#### The Fixed TER covers:

- a) Expenses directly incurred by the Company, including but not limited to:
  - depositary fees and expenses;
  - auditor's fees and expenses;
  - directors' fees and expenses any Director may be entitled to a fee in consideration for his services as a Director. In addition, all Directors may be paid reasonable travelling, hotel and other incidental expenses for attending meetings of the Board of Directors (or any committee thereof) or of Shareholders;
  - ordinary legal fees and expenses (save for any set-up fees for a new Sub-Fund, any tax advices fees or for any other extraordinary transaction such as a merger, split or liquidation of a Sub-Fund);
  - risk management fees and expenses. The Risk Management Services agreement between the Fund and the Management Company and Banque de Patrimoines Privés has been terminated on December 31, 2018;
  - hedging costs and fees (including any fees charged by the Management Company);
  - the Luxembourg annual subscription tax (taxe d'abonnement);
  - all listing costs: initial registration and on-going maintenance fee for the listing or admission to trading of the Shares on any stock exchanges and any publication costs incurred in connection with such listing or admission to trading (including OAM Service fees and news services fees).
- b) A "fund servicing fee" paid to the Management Company for administrative and related additional management services and certain expenses incurred in the day to day operation and administration of the Company (excluding the Management Fee), including but not limited to:
  - domiciliary agent fees and expenses;
  - principal and local paying agent's fees and expenses;
  - central administrative agent fees and expenses;
  - miscellaneous fees including the cost of publication of the NAV per Share, rating fees, postage, telephone, facsimile transmission and other electronic means of communication, registration costs, expenses for preparing, printing and distributing the Prospectus, translation costs, KIIDs or any offering document, financial reports and other documents made available to Shareholders and fees payable to permanent representatives and other agents of the Company.

The Management Company may instruct the Company to pay any and all of the expenses listed under b) above and in such case the Fixed TER amount to be received by the Management Company would be reduced accordingly.

The expenses incurred by the Company in relation to the launch of additional Sub-Funds or Class of Shares may, at the discretion of the Board of Directors, be capitalized and amortized over a period not exceeding five years, as permitted by Luxembourg Law.

No double-charging of Fixed TER will occur. The avoidance of a double charge is achieved by the Fixed TER being netted off by a rebate to the Sub-Fund of the Fixed TER (or equivalent) charged to the underlying UCITS or other UCIs managed by the Management Company and any other member of the CRÈDIT ANDORRÀ GROUP. Where the Sub-Funds invest in UCITS and other UCIs managed by other investment managers, the Fixed TER may not be subject to the above-mentioned rebate process.

The Fixed TER does not cover any cost or expense incurred by a Sub-Fund in respect of the following costs, which will be borne and paid out of the assets of the Company in addition to the Fixed TER:

- management fee;
- performance fee;
- distribution fee;
- dilution levy, brokerage charges and non-custody related transactions;
- correspondent and other banking charges;
- the full amount of any current and future tax, levy, duty or similar charge which may be due on the assets and/or on the income of the Company, the Sub-Funds or their assets, excluding the Luxembourg annual subscription tax ("taxe d'abonnement");
- extraordinary expenses: including, litigation expenses and interest, administration and maintenance fees linked to platforms such as Fundsettle and others which are accessible to all investors, redemption charges, the cost of exceptional and/or ad-hoc measures, including particularly tax experts, consulting, appraisals, non-routine filing or legal proceedings undertaken to protect shareholders' interests, any expense linked to non-routine arrangements made by any third party in the interests of the investors and all similar charges and expenses that would not be considered as ordinary expenses by the Board of Directors of the Management Company. Extraordinary expenses are accounted for on a cash basis and are paid when incurred or invoiced from the net assets of the Sub-Funds to which they are attributable.

#### Notes to the financial statements as at December 31, 2022 (continued)

#### NOTE 8 - FIXED TOTAL FEES RATIO EXPENSES (FIXED TER FEES) (continued)

- in the case of a Sub-Fund investing in another UCITS or UCI: any double charging of fees and expenses, in particular the duplication of the fees payable to the depositary(ies), transfer agent(s), investment manager(s) and other agents and also subscription and redemption charges, which are generated both at the level of the Company and of the target funds in which the Company invests.
